SATURDAY, MAY 15, 1880.

Republican State Convention.

Harmonious and Enthusiastic
Assembly.

James G. Blaine Declared the Choice of
the Republicans of Michigan for
President—Resolution Adopted
Pledging Support to the
Nominees of the Chicago
Convention.

The Resolutions Adopted and a List of
the Delegates.

The Republicans of Michigan met in
convention at Detroit last Wednesday
forenoon. The convention was called to
order by James McMillan, Chairman of
the State Central committee, who intro-
duced Capt. E. P. Allen, of Ypsilanti, as
temporary chairman. The usual com-
mittees were appointed and the conven-
tion adjourned until afternoon. At 2 P. M.
the convention reassembled and the com-
mittee on organization reported and the
permanent organization was perfected.
Capt. Allen being elected permanent
chairman, and a Vice-President, assistant
Secretary and Teller elected from each
Congressional district.

The reading of the list of delegates
was dispensed with. There being no
contesting delegations.

The report of the committee on resolu-
tions was then presented and the resolu-
tions were adopted amid great ap-
plause.

THE RESOLUTIONS.

1. The Republican party of Michigan,
in council assembled, gratefully and
reverently recall the memory of its two
illustrious chiefs, who have fallen since
our last convention: William A. Howard
and Zachariah Chandler—and in this
city, where they sleep in their graves
side by side, we solemnly pledge renewed
fidelity to the great and sacred principles
for which these men lived and died.
[Applause.]

2. These principles are exact justice,
and the security of all civil and political
rights to all men, of whatever race or
nationality, and in whatever section of
the country; the ballot box made ac-
cessible to every citizen without
peril and without intimidation; the rule
of the majority as expressed in an honest
ballot, honestly cast and honestly count-
ed; absolute fidelity to all public and
private obligations; a sound currency as
the only system that is honest and that
gives to the laboring man fair and just
protection; and the authority of the na-
tion as expressed in the will of the
American people. [Applause.]

3. That the choice of the Republicans
of Michigan for President is James G.
Blaine [great applause and cheers]; and
the delegates chosen this day to the
national convention are requested to use
all proper efforts to secure his nomina-
tion. [Great applause.]

4. That we pledge our cordial and
unflinching support to the nominees of
the National Republican convention at Chi-
cago. [Applause.]

The different congressional districts
had in caucus previous to the conven-
tion chosen delegates and alternates to
represent the district in the national
convention at Chicago. Senator Bell
of this village was chairman of the caucus
of this, the 8th congressional district.
The following are the delegates chosen

Perry Hannah, James F. Joy, Omer D.
Conger and E. C. Watkins—Alternates,
Wm. E. Gavitt, of Kent, Joel Carpenter,
of Lenawee; Wellington B. Burt, of East
Saginaw and Victoria P. Collier, of Cal-
houn.

Delegates from the congressional dis-
tricts are as follows:

First—Wm. G. Thompson, D. O. Far-
rand.

Second—J. D. Ronan, L. R. Penfield.

Third—C. D. Randall, Morgan Bates.

Fourth—A. H. Morrison, J. W. French.

Fifth—A. B. Watson, Geo. A. Farr.

Sixth—E. M. Adams, Chas. Kipp.

Seventh—D. W. Weston, Wm. Jenney.

Eighth—E. O. Avery, Thomas N. Ste-
phens.

Ninth—D. A. Blodgett, J. H. Chandler.

Senator Baldwin was elected chairman
of the state central committee, receiving
340 votes to 221, for Henry M. Dufiled.

River and Harbor Appropriations.

The report of the Committee of Com-
merce on Rivers and Harbors contains
the following appropriation for the rivers
and harbors of this State:

Detroit River, \$50,000; Manistee, \$30,000;

Saginaw river, \$50,000; Marquette, \$10,000;

St. Clair Falls, \$5,000; Monroe, \$2,000;

Sault Ste. Marie, \$20,000; Muskegon, \$5,000;

Au Sable, \$7,000; Port Huron, \$2,000;

Black Lake, \$5,000; Portage Lake, \$10,000;

Cheboygan, \$5,000; St. Joseph, \$5,000;

Frankfort, \$5,000; Saugatuck, \$5,000;

Grand Haven, \$10,000; South Haven, \$5,000;

Harbor of Refuge, \$5,000; White River, \$2,000;

Age, K. Huron, \$5,000; Ann Arbor, \$5,000;

Ludington, \$5,000.

It will be seen that the appropriation
recommended for the Cheboygan harbor
is only \$5,000 as we stated last week. It
is to be regretted that a sufficient
amount to complete the work on the
harbor could not be had.

Strawberries have put in an ap-
pearance in some of the cities in the South-
ern part of the state.

The best glass ball shooter at Grand
Rapids can only break twenty-nine balls
out of twenty-five. Some of the members
of the Cheboygan gun club can beat that.

We have just received from the pub-
lisher a very beautiful melody, with
appropriate words, for mixed voices,
written especially for Memorial Day.
The price of the piece is 25 cents. But
we notice printed upon the piece a special
price for this occasion, viz: One copy 20
cents, and five copies for 80 cents, post-
paid. Address W. W. Whitney, Publisher,
Toledo, O.

The Treasury department at Wash-
ington can't pay its gas and water bills
account of the deficiency in the last ap-
propriation.

The Secretary of the Interior has or-
dered a census taken of all Indians on
the reservations. The work of enumer-
ation will begin in July.

THE EXCURSION SEASON.

A Hint for Pleasure Seekers—The At-
tractions of Northern Michigan.

In view of the rapid approach of the
season for seeking relaxation from labor
or pleasant expeditions for killing time,
the Kalamazoo Telegraph has some sugges-
tions which each of these several classes
will find worth considering. It says that
though the tendency usually is to
seek the sea, the fact is that the coast
is not forgotten that our own state has
some of the greatest attractions for sum-
mer rest and recreation. We have the
natural resources in our northern lakes
and forests, the bracing atmosphere,
and lately in the provision for the
comfort of tourists, the investments in
which are now "getting on their feet."
This has come to be an important in-
terest of the state, and merits a good
recognition. We have seen the proper
attention on the part of those interested,
to keeping Michigan resorts before the
public will retain to our own north a
large amount of the patronage that oth-
erwise would seek distant resorts. Pleas-
ure is not only the north country
offer pleasant inducements, but at less
cost than elsewhere. The hotel accom-
modations in that quarter have never
been equal to what they are this year,
and they will take good care of their
guests. Many visitors to the land of
temperate summers find themselves com-
fortably at home in private families at
from \$4 to \$6 a week, or spend the
season in camp, small groups of families
uniting on a common border and kitchen
service, leaving all the members of the
households completely at leisure, at their
own pleasure. The attractions centering
about Traverse Bay, Charlevoix and Pe-
toskey, are almost unequalled. Pleas-
ure of a trip through Torch lake, the inter-
mediate lakes, and the delightful ride
from Petoskey to Mackinac via Crooked
Burt and Mullet lakes, and the Superior
passages, the view of the peninsula
of guests, closer connection of boats and
the better knowledge people have of the
desirability of these northern resorts,
will all combine to send in that direc-
tion a larger number of tourists than
ever before.

Michigan Central R. R.

The annual meeting of the stock-
holders of the Michigan Central Rail-
road Company was held in Detroit on
Thursday last week, and below is a
summary of that part of the President's
annual report having a local interest.
The capital stock of the company is \$18-
738,394. The mortgage trustees of the
company extend bonds of the Jack-
son, Lansing & Saginaw railroad com-
pany have called in and paid (according
to the provisions of the mortgage, and
the modified agreement with that com-
pany) \$200,000 of the bonds, thus reduc-
ing the liability of this company by that
amount, and its annual interest pay-
ments \$7,920.

When it is remembered that a mod-
ified agreement of this company with the
Jackson, Lansing & Saginaw, under
date of September 1, 1876, provides for
the purchase and cancellation of all out-
standing bonds, with the proceeds of
land sales and extension bonds of the
company, it will be observed by refer-
ence to the report, that the estimate
value of the assets belonging to the
land grant is about \$3,715,000, while
the amount of outstanding bonds for
which the same is pledged is about \$3-
740,000, a slight difference which is rea-
sonable to anticipate will readily be
met by the now constantly increasing
valuation of the lands.

Mackinac & Marquette Railroad.

We learn that the contract for grad-
ing and preparing road bed and furnish-
ing ties for the additional 60 miles of the
Mackinac and Marquette railroad has
been let to J. D. McDonald. The entire
road is now under contract and the work
is to be pushed with all possible speed.

We also learn that the company have
finished a preliminary survey of the road
for the purpose of ascertaining what the
connection they could make with the
Duluth company's scheme for building
a road from Montreal river to some point
on the Ontonagon river. The route ex-
amined starts from the old line near
Lake Michigan and followed west
along the division line of townships 47
and 48, and terminated at section 4, town
47, range 37, on the east branch of the
Ontonagon river. The reports and maps
of the survey will be sent forward to
Boston for examination of the company.

Primary School Fund.

The Lansing Republican publishes a
table showing the apportionment of the
income from the primary school fund by
the Superintendent of Public Instruction,
for each county in the state on a
basis of 47 cents per child. Cheboygan
county is credited with having 1559 in
the school census, which number is in-
cluded in the apportionment, making the
amount apportioned to this county \$731-
33. Emmet county has 1328 in the
school census but only received the ap-
portionment for 1254 children amounting
to \$580.38. Mackinac 808 in census,
715 included in the apportionment.
The discrepancy in the two latter counties is
due to a non-compliance with the law on
the part of some of the districts. It will
also affect them in regard to the one-
mill tax since it is upon the same basis
that that tax will be apportioned. A
number of other counties in the state
are in the same predicament. Presque Isle
receiving only about half what she would
have received had the law been
strictly complied with. The number of
children according to the census being
547 while the apportionment is only
allowed on 222.

New books of the Popular Library Edition
received every mail at Fexer's book store.

A special telegram to the Detroit Free
Press from Washington says the opposi-
tion to the movement to unseat Kellogg
comes very largely from the Democratic
side, and it looks now as though most of
the speeches in answer to Senators Vest,
Vance and Hill, would be by Democrats.

Among those who will speak against the
Election Committee's report will be
Wade Hampton, Bayard and Thurman.

Marine.

The steamer Pearl arrived yesterday
forenoon about ten o'clock.

The St. Albans passed by Cheboygan
last evening, calling at Duncan.

The propeller City of Concord called
in bound up Wednesday evening.

The Milwaukee of the N. T. line called
in bound up Thursday night about
midnight.

Amiot launched McArthur, Smith
& Co.'s large, new lighter Thursday
afternoon.

The steam yacht R. C. Wilson was
hauled out at Amiot's ship yard Thurs-
day to be re-caulked.

The water in Cheboygan river is so
high that it bothers the Northern Belle
to get through under the bridges.

The schooner T. Y. Avery arrived
Sunday loaded posts and ties from Wet-
more & Co. and cleared Wednesday for
Chicago.

The schooner E. M. Portch arrived
Sunday, took on a cargo of cedar ties and
posts from Wetmore & Co. and cleared
for Chicago Wednesday afternoon.

The propeller Champlain called in
bound down Thursday evening. She be-
ing the first boat to dock for the week
her passenger list was largely increased
from this port.

The latest advices from the Sault
states that there is only 10 feet 10 inches
of water over the miter sills and vessels
drawing over that have to be lightened
to get through.

The N. T.
